

Regulations:

Which is more pressing to you, implementing regulations on artificial intelligence or regulating social media?

Tosaylib.

AI Accountability:

If AI bots or AI assistants start acting up, who do you reckon should shoulder the accountability - the users or their creators?

Tosaylib.

AI and the Job Market:

Do you hold the belief that artificial intelligence could generate more jobs than it displaces in the market, or would it be the other way around?

Tosaylib.

AI Threat:

Do you envision artificial intelligence ever taking over the world, like in the "Terminator" movies?

Tosaylib.

Sentient AI:

Could you believe that AI chatbots, developed using advanced large language models, might achieve sentience or even self-consciousness someday?

Tosaylib.

Fear of Perception:

Have you ever hit the delete button on a social media post out of concern for how others might perceive it?

Tosaylib.

Authenticity Question:

Do your Instagram or TikTok accounts accurately mirror your real-life persona?

Tosaylib.

Social Media Stalking:

Have you ever spent over a month stalking someone's social media profile?

Tosaylib.

Frequency of Use:

Outside of work-related activity, do you find yourself spending more than an hour a day on social media?

Tosaylib.

Oversharing:

How would you describe 'oversharing' on social media? Is there someone in your circle who habitually floods your social media feeds with every minor detail of their life?

Tosaylib.

Social Media Unplugging:

Have you ever stepped away from social media for a while? If you did, did you notice a happier vibe?

Tosaylib.

Cyberbullying and Harassment:

Have you ever been the victim of cyberbullying or harassment on social media?

Tosaylib.
